Though you JAMB has not officially announced this, follow the steps below to access JAMB CAPS via your profile.

2. Login with the credentials( email and password) you created your jamb account with.

3. After successfully logging in, click on the options button ( the button with 3 dash) at the top of the page.
4. You'll see CAPS under the tag 'Admissions'. Click on it and you'll be taken to the CAPS page.
5. If the page only shows 'welcome', do not be discouraged. Just click on options on your mobile's browser and change the view of the page to 'desktop view'. This is why it's preferably to use a PC.
6. You'll see some options listed at the left-hand side. Click on 'Admission Status'.
7. It'll then bring your details.  
If you've been admitted, you can either 'Accept admission' or 'Reject admission'.  
If your school is yet to release admission list, it will read: "admission in progress, check back later" under the tag 'Admission Status'. In this case, you won't be able to click on the 'Accept admission' or 'Reject admission' button.
