

How To Get Free Host:

My name is John Destiny Achugonye. I am an ICT Trainer and Online Marketer with varied successes. You can visit one of my sites: www.unikworks.com or www.unikworks.ga

Last time I gave out a report on how to get a Top Level Domain for FREE.

Today I will show you how to get FREE unlimited hosting Service for your website. No matter which Domain registrar you got your domain from. Here is the FREE Hosting site;

<http://www.infinityfreehost.ga>

NOTE: That the company accepts any domain whether; *.com or .net or .info* e.t.c.

BASIC FEATURES OF THE SERVICE:

Unlimited Bandwidth

Unlimited Space

10 Add-On domains

10 sub Domains

10 Email Addresses

My SQL

FTP

Online File Manager

Control Panel

Softaculous Installer

Many more...

Go to the site and sign up for an account, choose any sub-domain or provide you own TLD (Top Level Domain), like the one we learnt how to create in the previous report on HOW TO GET FREE TOP LEVEL DOMIAN. Follow the prompt process and provide any information you are required to provide.

NOTE: I advise you have a **dedicated** *Gmail or Yahoo*mail for such as this, because info about your sites will be sent to your mails.

You can as well have your own custom email addresses with this service that makes you look professional; like - info@peterbiz.ga or peter@peterbiz.ga

TO LEARN HOW TO CONFIGURE AND MAKE IT WORK FOR YOUR
WEBSITE FOR JUST **N1000** - CALL: 07086444192 OR SEND EMAIL
