RESEARCH TOPIC: EFFECT OF WASTE MANAGEMENT PRACTICE ON WASTE DISPOSAL IN NIGERIA

STATEMENT OF THE PROBLEM

It has been difficult for some areas and states in Nigeria to maintain neat and healthy environment due to the increase in waste disposal, increase in population which leads to increase in burning refuse and high rate of air pollution which increase concentration of green house gas that causes global warming and climate change. Another problem of this study is the effect of waste management practice in Nigeria.

AIM OF THE STUDY

The aim of this study is to examine the effect of waste management practice on waste disposal in Nigeria.

OBJECTIVES OF THE STUDY

The objectives of this study are:

- To determine the extent waste management practice on waste disposal
- To determine the level of waste disposal in some areas and states in Nigeria
- To determine the level of waste management practice in Nigeria
- To determine the level of economic activities in Nigeria

RESEARCH QUESTIONS

- What is the extent of waste management practice on waste disposal?
- What level is waste disposal in some areas and states in Nigeria?
- What is the level of waste management practice in Nigeria?
- What is the level of economic activities in Nigeria?
