QUESTION NO. 12

**TOPIC: PROBLEM AND PROSPECT OF MANAGEING
STUDENT HOSTEL IN UNIVERSITY OF UYO NIGERIA.**

RESEARCH PROBLEM:

An ideal University should have enough quality, functional and affordable hostel accommodation with adequate facilities that will encourage student to live within the school so as to be in school early and participate actively in all their lectures, save them from risking their lives in early morning rush and traffic outside the school and rescue them from the hands of the greedy private investors. But in university of Uyo, student are been deprived their sociological and psychological needs as a result of poor hostel accommodation with poor management and facilities which has been endangering the lives of the student. In the recent research carried out, no effort has been made to provide more accommodation for student and if government does not provide enough functional and affordable accommodation, student will be discourage from enrolling into the university because of the high cost of private hostel accommodation there by bringing down the quality of Nigeria education which will render the youth useless and Nigeria as a whole in the nearest future. Therefore there is need for government to provide enough quality, functional and affordable hostel accommodation that will help to improve the student learning and promote the standard of university education in Nigeria.
