PROBLEMS AND PROSPECTS OF MANAGING STUDENT HOSTELS IN UNIVERSITY OF UYO' NIGERIA.

STATEMENT OF THE PROBLEM

Universities has enough hostels for student to accommodate. but University Of Uyo has just few for students accommodation as a result of this ,students lives off-campus which make them to come late to lectures and those who managed to live in school hostels find it difficult to relax because the hostel is over populated. some contact air diseases because there is no enough space for air to flow in and out in the hostels school or government should provide enough hostels for students to accommodate

AIM OF THE STUDY

To examine the problem and prospects of management of student hostels in Nigeria universities.

OBJECTIVES OF THE STUDY

To eradicate the challenges in the management of students hostels in Nigeria universities

To make research on ways through which management challenges will be minimized in student hostels of Nigeria Universities

To examine the poor management of students hostels in Nigeria Universities

To ascertain the problems and prospects of managing students hostels in Nigeria Universities.

RESEARCH QUESTIONS

What are the challenges in the management of student hostels in Nigeria Universities.

What are ways through which management challenges of students hostels will be minimized in Nigeria Universities

How can poor managements of student hostels in Nigeria Universities achieve.
