

## WHAT IS MAN?

Psalms 8:1-9

Highlight Vs 8:4-8

Have you ever taken time to read through these verses? They are one of my favourites. Verse 4: “What is man that thou art mindful of him or the son of man that thou cares for him”.

God deserves more gratitude than what we give him. If we were to count all the benefits God loads on us on a daily basis, mostly the things we consider as norms, we’ll discover that we’ve been more on the demanding and request side that we have been on the side of gratitude and thanksgiving.

God is mindful of us and he cares for us. Don’t for any reason think that God has forsaken, abandoned, forgotten or hates you because of the challenges you’re going through. Let these verses always bring you back on track when you feel you’ve lost it. No matter what you’ve faced, what you’re currently facing or will face in time to come, it can never be compared to that of Job who had all sorts of calamity befall him in a single day, yet he kept the faith, stood his ground and acknowledged that God still loves him and cares for him. Read the whole of chapter 1 of Job and you’ll have a reason to thank God.

“What is Man?” There are many people praying to be in the condition you’re complaining about right now. Your condition is someone’s answered prayer.

“What is Man?” There are many people crying for relief for as much as a single day or a couple of hours and you’re comfortable, hale, healthy and hearty and have all parts of your body complete yet you’re complaining of either being too fat, too big, too small, too tall, too short, or being too dark or fair, rough faced, too slim etc.

“What is Man?” If God were to extend our lives based on the gratitude He gets I don’t think most of us would make it up to the first quarter of this year.

It’s high time we started thanking God on a daily basis for ALL HIS BENEFITS (Psalms 103:2) and spread some of the love we get to people who are deserving of it.
